

Welcome to VICTORIA PRIMARY SCHOOL

May 2024

Instagram

If you don't already, please follow our school on Instagram. This is the platform that we use the most to share all the wonderful things that we get up to in school. Key dates and events are also always shared on this platform

WELCOME

A message from Miss Froggatt

As we are returning from our half term holiday, I would like to recognise the hard work and kindness that has been happening across the school. We have had plenty of very important visitors who always remark on how polite and thoughtful our pupils are and I am inclined to agree! The children and adults are especially enjoying enrichment and have been developing a huge variety of skills including working as a team, solving problems and thinking creatively. The best part has been to see how well pupils of all ages work together and how thoughtfully our older children support the younger children. See Instagram for pictures.

We're off to Oxford... again! In March, we won the East Midlands competition, and we're excited to see what we achieve at the National competition. Please donate to our gofundme page to help with costs: <https://gofund.me/b26c4957>

Get us to Oxford

Drive safely!

Recently, there have been a few scary near misses for our pupils and parents dropping off/picking up. Please make sure you drive carefully near to the school.

**CAUTION
CHILDREN**

Would you like to be a School Governor?

We are looking for two parents who would be interested in supporting the school. You will be expected to give a total of 4 days over a year to the school, including attending meetings (once a term) and working with the teaching team (once a term). You don't have to have any experience, just a passion to support our school and help to make sure that we do our best for our children and community.

Interested? Please speak to the office.
