

Darwin Nursery Class Newsletter Newsletter: 10th January 2022

Dear Parents and Carers,

Welcome back! We hope you all had an enjoyable and exciting Christmas!
Happy New Year to you all!

Our topic this half term is My Community. We will be learning about people in our families and the school community and observe how they help us to stay happy, healthy, kind and ready to learn. We would like to invite all the grandparents to come and see how we learn and play (covid rules permitting). Remember to check our webpage for more information about our learning and for pictures of what we get up to in class!

We would like to celebrate the variety of languages we speak in our school community. Every week we will try to learn words like; *hello, thank you and good bye* in a different language. We would appreciate your help in teaching us some words in the language you and your child speak.

Reading to and with children improves their language and communication skills. We will continue having daily story times and special guest readers. Please remember that every Monday you can borrow books from the Nursery Library to enjoy reading at home.

During the last week of the term we will celebrate the Chinese New Year making kites. This will give us an opportunity to learn about different cultures and look closely at shapes and their properties.

Every Friday we will be aiming to take children out to Forest School for short sessions and then for longer sessions when the weather is warmer.

Thank you for your continued support.

Kind regards
The Nursery Team
